Adult Education and Training Programs Tariff – BMP 2.1

PURPOSE

A program for the Company to implement adult education and training programs which promote water conservation and the need to conserve (Modified Non-Per Capita Conservation Program BMP Category 2: Conservation Education and Training 2.1: Adult Education and Training Programs).

REQUIREMENTS

The requirements of this tariff are governed by Rules of the Arizona Corporation Commission and were adapted from the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

1. Programs shall include a combination of efforts to provide adults within the Company's service area with hands-on training. This shall include free workshops (held at least twice annually) that emphasize water efficient outdoor landscaping for homeowners and landscape professionals. Programs shall target homeowners, landscape professionals and non-residential users in the Company's service area.
2. The Company shall make available at no charge to its customers free pamphlets covering water conservation, reclaimed water, leak detection, irrigation, landscape design and low water use plants. This literature shall be available at Company offices during regular business hours, at model home sites, libraries, chambers of commerce, at the Company provided workshops, and at community events.
3. The Company shall make available Self-Audit Kits and Guides for homeowners in its service area.
4. The Company shall keep a record of the following information and make it available to the Commission upon request.
 - a. A description of the adult conservation education process implemented.
 - b. The number of customers reached (or an estimate).
 - c. A description of the written material and hands-on training provided free to customers.
 - d. Implementation costs of the adult education and training programs.

New Homeowner Landscape Information Tariff – BMP 2.3

PURPOSE

A program for the Company to promote the conservation of water by providing a landscape information package for the purpose of educating its new customers about low water use landscaping (Modified Non-Per Capita Conservation Program BMP Category 2: Conservation Education and Training 2.3: New Homeowner Landscape Information).

REQUIREMENTS:

The requirements of this tariff are governed by Rules of the Arizona Corporation Commission and were adapted from the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

1. Upon establishment of water service the Company shall provide a free "Homeowner Landscape Packet" to each new customer in the Company's service area. The packet will include at a minimum: a cover letter describing the water conservation expectations for all customers in the Company's service area, all applicable tariffs, a basic interior-exterior water saving pamphlet, xeriscape landscape information, and information on where to find low water use plant lists, watering guidelines, and a rain water harvesting pamphlet.
2. Upon customer request, the Company shall provide:
 - a. On-site consultations on low water use landscaping and efficient watering practices.
 - b. A summary of water saving options.
3. The number of packets provided to new customers will be recorded and made available to the Commission upon request.

WATER SYSTEM TAMPERING TARIFF – BMP 5.2

PURPOSE

The purpose of this tariff is to promote the conservation of groundwater by enabling the Company to bring an action for damages or to enjoin any activity against a person who tampers with the water system.

REQUIREMENTS:

The requirements of this tariff are governed by Rules of the Arizona Corporation Commission, specifically Arizona Administrative Code ("AAC") R14-2-410 and the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

1. In support of the Company's water conservation goals, the Company may bring an action for damages or to enjoin any activity against a person who: (1) makes a connection or reconnection with property owned or used by the Company to provide utility service without the Company's authorization or consent; (2) prevents a Company meter or other device used to determine the charge for utility services from accurately performing its measuring function; (3) tampers with property owned or used by the Company; or (4) uses or receives the Company's services without the authorization or consent of the Company and knows or has reason to know of the unlawful diversion, tampering or connection. If the Company's action is successful, the Company may recover as damages three times the amount of actual damages.
2. Compliance with the provisions of this tariff will be a condition of service.
3. The Company shall provide to all its customers, upon request, a complete copy of this tariff and AAC R14-2-410. The customers shall follow and abide by this tariff.
4. If a customer is connected to the Company water system and the Company discovers that the customer has taken any of the actions listed in No. 1 above, the Company may terminate service per AAC R14-2-410.
5. If a customer believes he/she has been disconnected in error, the customer may contact the Commission's Consumer Services Section at 1-800-222-7000 to initiate an investigation.

Evaluation of New and Emerging Technologies and Practices Tariff
– BMP 7.3

PURPOSE

A program for the Company to evaluate new and emerging technologies and practices that promote the conservation of water (Modified Non-Per Capita Conservation Program BMP Category 7: Research/Innovation Program 7.3: Evaluation of New and Emerging Technologies and Practices).

REQUIREMENTS

The requirements of this tariff are governed by Rules of the Arizona Corporation Commission and were adapted from the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

1. The Company shall evaluate new technologies and practices that promote the conservation of water to determine the economic and technical feasibility of implementing these new technologies and practices in its service area.
2. The Company shall remain current on new products, advice, and innovations through on-going communication with manufacturers of state of the art water conservation technologies, other water providers, landscape watering equipment providers and landscape providers and experts.
3. Prior to evaluating a new technology or practice the Company shall file a detailed explanation with the Commission describing how the evaluation would work, the possible results and expected costs.
4. At minimum, one new evaluation shall be proposed every three years for Commission approval.
5. If the evaluation is approved by the Commission the Company shall submit with the Commission Docket Control on an annual basis, documentation stating the objectives of the evaluation, methods used to conduct the evaluation, results of the investigation, plans for implementation and any other information the Commission requests. A report for each calendar year reporting period will be due January 31 of the following year.

Development of Industry Partnerships Tariff –
BMP 7.6

PURPOSE

A program for the Company to encourage and implement collaborative efforts and activities to conserve and promote the conservation of water (Modified Non-Per Capita Conservation Program BMP Category 7: Research/Innovation Program 7.6: Development of Industry Partnerships).

REQUIREMENTS

The requirements of this tariff are governed by Rules of the Arizona Corporation Commission and were adapted from the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

1. The Company shall encourage and implement collaborative efforts and activities with community/industry partners to conserve and promote the conservation of water.
2. The Company shall remain current on new products, advice, and innovations through on-going communication with manufacturers of state of the art water conservation technologies, other water providers, landscape watering equipment providers and landscape providers and experts. Communications with partners will take place through the internet, phone calls, trade shows and face-to-face contact.
3. Prior to implementing a new partnership the Company shall file a detailed explanation with the Commission describing how the partnership would work, the possible results and expected costs.
4. At minimum, one new partnership shall be proposed every three years for Commission approval.
5. If the partnership is approved by the Commission the Company shall submit with the Commission Docket Control on an annual basis, documentation describing the partnership, its objectives, its ongoing efforts and any efforts planned for the future, and provide any other information the Commission requests. A report for each calendar year reporting period will be due January 31 of the following year.
